

BELMONT CSM CAMPS

Newsletter of the College of Sciences and Mathematics Camps for HS Students

2024 CAMP WRAP-UP

In the summer of 2024, the Belmont College of Sciences and Mathematics hosted 8 different camps with over 100 participants. We are so excited for the ways that we got to know these students. We challenged them to grow in exciting areas in which they are interested, helped them find community with other students that share their interests, and showed them the Belmont Science & Math community. Their enthusiasm, hard-work, and intellect was infectious! We are excited to continue to impact our Nashville-area community in science & mathematics!

This past year, not only did we add to our camp offerings, but we also added to our programming within each camp. Some key additions included:

- Early Admission for rising Seniors participating in our camps
- Application seminar
- College student Q&A panel
- Belmont & CSM tour
- Closing Open House & Meet & Great

We are excited to continue to grow and develop from the amazing impact our camp students had!

2024 CAMPS

Research Immersive Summer Experience in Data Science (RISE-DS) *3 hr college credit
JUNE 3 – JULY 3

The Inside Scoop: A Bruin's Guide to the Human Body
JUNE 24 – JUNE 28

Game Design and Programming
JUNE 24 – JUNE 28

The Ethics of Modern Biology
JULY 8 – JULY 12

Applied Physics and Engineering at Work
JULY 8 – JULY 12

Visualizing our Invisible Surroundings Immersion at Belmont Labs
JULY 8 – JULY 12

From Brain to Behavior at Belmont
JULY 15 – JULY 19

Unlock Advanced Mathematical Problem Solving
JULY 15 – JULY 19

Dig into two of our camps

Science & Math at Belmont is making impacts across our home, Nashville! As we continue to provide opportunities for rising stars in our community, Belmont communications highlighted two of our camps. Dig in to read more about the ways two of our camps are having an impact.

Looking forward to 2025

As we wrapped up our 2024 season, we started thinking through our summer 2025 opportunities. We anticipate holding many of the same camps as in the past as well as expanding our bench research opportunities. Camps for 2025 will be posted by December 1st, 2025!
